

### **Information on Admission Restrictions**

If the venue becomes extremely crowded, admission may be restricted at the organizer's discretion for the safety of visitors and exhibitors. Please refer to the following guidelines. The degree of congestion will be determined by continuously counting the number of people in the venue at the entrance and after consultation with the venue.

- **Level 1** (Feels crowded inside the venue) **Congestion Rate: 70%**

Same-day ticket sales will be temporarily suspended.

- **Level 2** (Feels cramped inside the venue) **Congestion Rate: 80%**

Same-day ticket sales will be temporarily suspended, and re-entry will be temporarily prohibited. Those who have yet to enter the venue once (those with tickets) will be allowed to enter.

- **Level 3** (Difficult to move around inside the venue) **Congestion Rate: 95%**

If further entry poses a danger, same-day ticket sales will be temporarily suspended, and entry will be prohibited, including for those who have yet to enter the venue once (those with tickets). Those who have yet to enter the venue once will be refunded the ticket price upon request.

Depending on the level of crowding inside the venue, restrictions will be lifted according to the level once space becomes available. In 2024, the venue was extremely crowded from 1:30 pm to 3:30 pm, and admission was temporarily restricted.
